BECOME OUR PARTNER AND BENEFIT FROM COOPERATION WITH ORBIS

In line with the “asset light” strategy, Orbis strives to restructure a part of its assets portfolio with a view to becoming a pure hotel operator and a provider of services based on its expertise in the hospitality industry. STOP CHILD ABUSE!

Being a responsible leader of the Polish hotel market, Orbis was the first company in Poland to sign the Code of Conduct aimed at protecting children against sexual abuse.

It is a groundbreaking document for Poland’s hospitality industry. Together with the Nobody’s Children Foundation, procedures for hotel employees have been developed and trainings were conducted. Employees’ commitment has already begotten the first effects, which proves that deployment of such measures in hotels is much needed. The Code is being implemented under the honorary patronage of the Police Commander in Chief. —

” The Code of Conduct is one of the ways of raising public awareness on the problem of sexual exploitation of children in tourism. It is important to initiate and implement measures to prevent this form of abuse of minors. The Police will always be willing to support such actions and will pursue such initiatives with full commitment.

Superintendent Mark Działoszyński,
Police Commander in Chief
